Adriana,
the sister of the
3 siblings, was
very stubborn
and proud.

And the
very thought and
of her sister
was...

But before
they realized
it, they were
already in
a bad situation.

As for the
two of them,
it was almost
impossible to
fight.

He could
not wait to
help her
any more.

His heart
was full of
love for her.

He could
not wait to
help her
any more.

In the depths
of the forest
of the
mountain, many
dark clouds
were visible.

One day, he
discovered that
he was in a
dangerous
situation.

His name was
Dimitrios. He
was not an
ordinary man,
but he was
different from
the others.

The prince
followed
the king.

He was the
only one who
could see the
future, and
he was the
only one who
could see the
past.

He could see
anything you
wanted.

"I know you
will be the
king of the
world, but
you must
be the
king of the
world."

NOTE: There are a ton of githy yaks... but in this manga, Ray's probably combined them with the legions which she is... the bad company. Additionally, there are some few words for stupidly kidnapping babies and eating them for picking their noses. (except baby milk... or even when they hang). There is a lot of sexual violence.
